Objective

The fund seeks to track, to the extent reasonably possible and before fees and expenses, the performance of a U.S. equity index that measures the investment return of common stocks of U.S. companies that have a record of increasing dividends over time. Currently, this Vanguard ETF seeks to track the NASDAQ US Dividend Achievers Select Index (or any successor thereto). It invests directly or indirectly primarily in stocks of U.S. companies.

About the benchmark

- The NASDAQ US Dividend Achievers Select Index consists of common stocks of companies that have a record of increasing dividends over time.

The performance of an index is not an exact representation of any particular investment as you cannot invest directly in an index. The performance of the index does not reflect the deduction of any expenses which would have reduced total returns. Performance information of the Vanguard fund reflects waivers of certain expenses and/or fees. If the Vanguard fund had incurred all expenses, investment returns would have been reduced. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The performance of the index and Vanguard fund is for illustrative purposes only.

Commissions, management fees, and expenses all may be associated with investment funds. Investment objectives, risks, fees, expenses, and other important information are contained in the prospectus; please read it before investing. Investment funds are not guaranteed, their values change frequently, and past performance may not be repeated. Vanguard funds are managed by Vanguard Investments Canada Inc. and are available across Canada through registered dealers.

* The management fee is equal to the fee paid by the Vanguard fund to Vanguard Investments Canada Inc., and does not include applicable taxes or other fees and expenses of the Vanguard fund. This Vanguard fund invests in underlying Vanguard fund(s) and there shall be no duplication of management fees chargeable in connection with the Vanguard fund and its investment in the Vanguard fund(s).

† The management expense ratio (MER) is the MER as of December 31, 2019, including waivers and absorptions and is expressed as an annualized percentage of the daily average net asset value. The MER would have been 0.30% without any absorptions or waivers. Vanguard Investments Canada Inc. expects to continue absorbing or waiving certain fees indefinitely but may, in its discretion, discontinue this practice at any time.
